In the CONTACT Tile teachers can either email or call a parent. Calls will be made through VOIP. Teachers will be able to call out, but a parent will not be able to call you back. If the mail icon is highlighted then there is mail from that specific student's parent that will open up in a teacher's inbox.

Q Search CONTACT

October /24 /2016

Name	Notes
Chandra Khan	
14/10/2016: Called parent	
8/10/2016: Emailed parent	Talked to Chandra's mom about her daughter handing in assignments on time.
1/10/2016: Emailed parent	

When you click on a student's name, the communication with that parent will pop up. Clicking on email or whatsapp will open the conversations. Next to each phone conversation you have, you will be able to take quick notes on what the conversation was about.

Try clicking on "Emailed parent"

28	29	30	31	1	2	3
4	5	6	7	8	9	10

The "CALENDAR" Tile is specifically made for a school environment. It will be linked to other aspects of "ecos". More importantly for students "CALENDAR" will be linked to all of their subjects, so they will know what is going on in every class.

Here "All Events" was clicked and therefore everything for the month of October has popped up.

Poetry Analysis

If a teacher moves their cursor over an event, it will tell them what is specifically happening that day.

Email reminders can be set to send parents and students reminders for up coming events.

Q Search

CONDUCT

October /24 /2016 Week 8

Class: 7A

Name	How am I?	What did I do?	What happened?	Referral
Adam Stones	 	Helped me carry textbooks	Thank you email sent home.	<input type="checkbox"/>
Beatrice Choi	 			<input type="checkbox"/>
Chandra Khan	 	Threw a water balloon	Sent to the office.	<input checked="" type="checkbox"/>

In CONDUCT, teachers can enter in any incidents that occurred in class. They will even be able to enter in a resolution they took for the incident.

The "Referral" option when clicked will email the incident directly to the administration as well as any incident for that student for the week. This will allow the administration to see how the student was behaving all week.

Clicking a student's name also opens up their incidents. Try it, click on Chandra!

October /24 /2016

How am I?	What did I do?	What happened?	Date	Referral
	Will not stop making fart noises.	Sent to the office	October 24 2016	<input checked="" type="checkbox"/>
	Burping loud in class	Kept in at recess.	October 20 2016	<input type="checkbox"/>
	Helped student with problem	Bonus on assignment	October 8 2016	<input type="checkbox"/>

When teachers click on a student's name, all of their incidents pop up and will be arranged from most recent. On the left side of incident is a box you can click on. Selecting a box/boxes and then the email function will allow a teacher to put all incidents selected into a single document as an attachment. They can then directly email the parent along with a message.

If a teacher wants to call, they can do so in the same screen and use the incidents as a reference point.

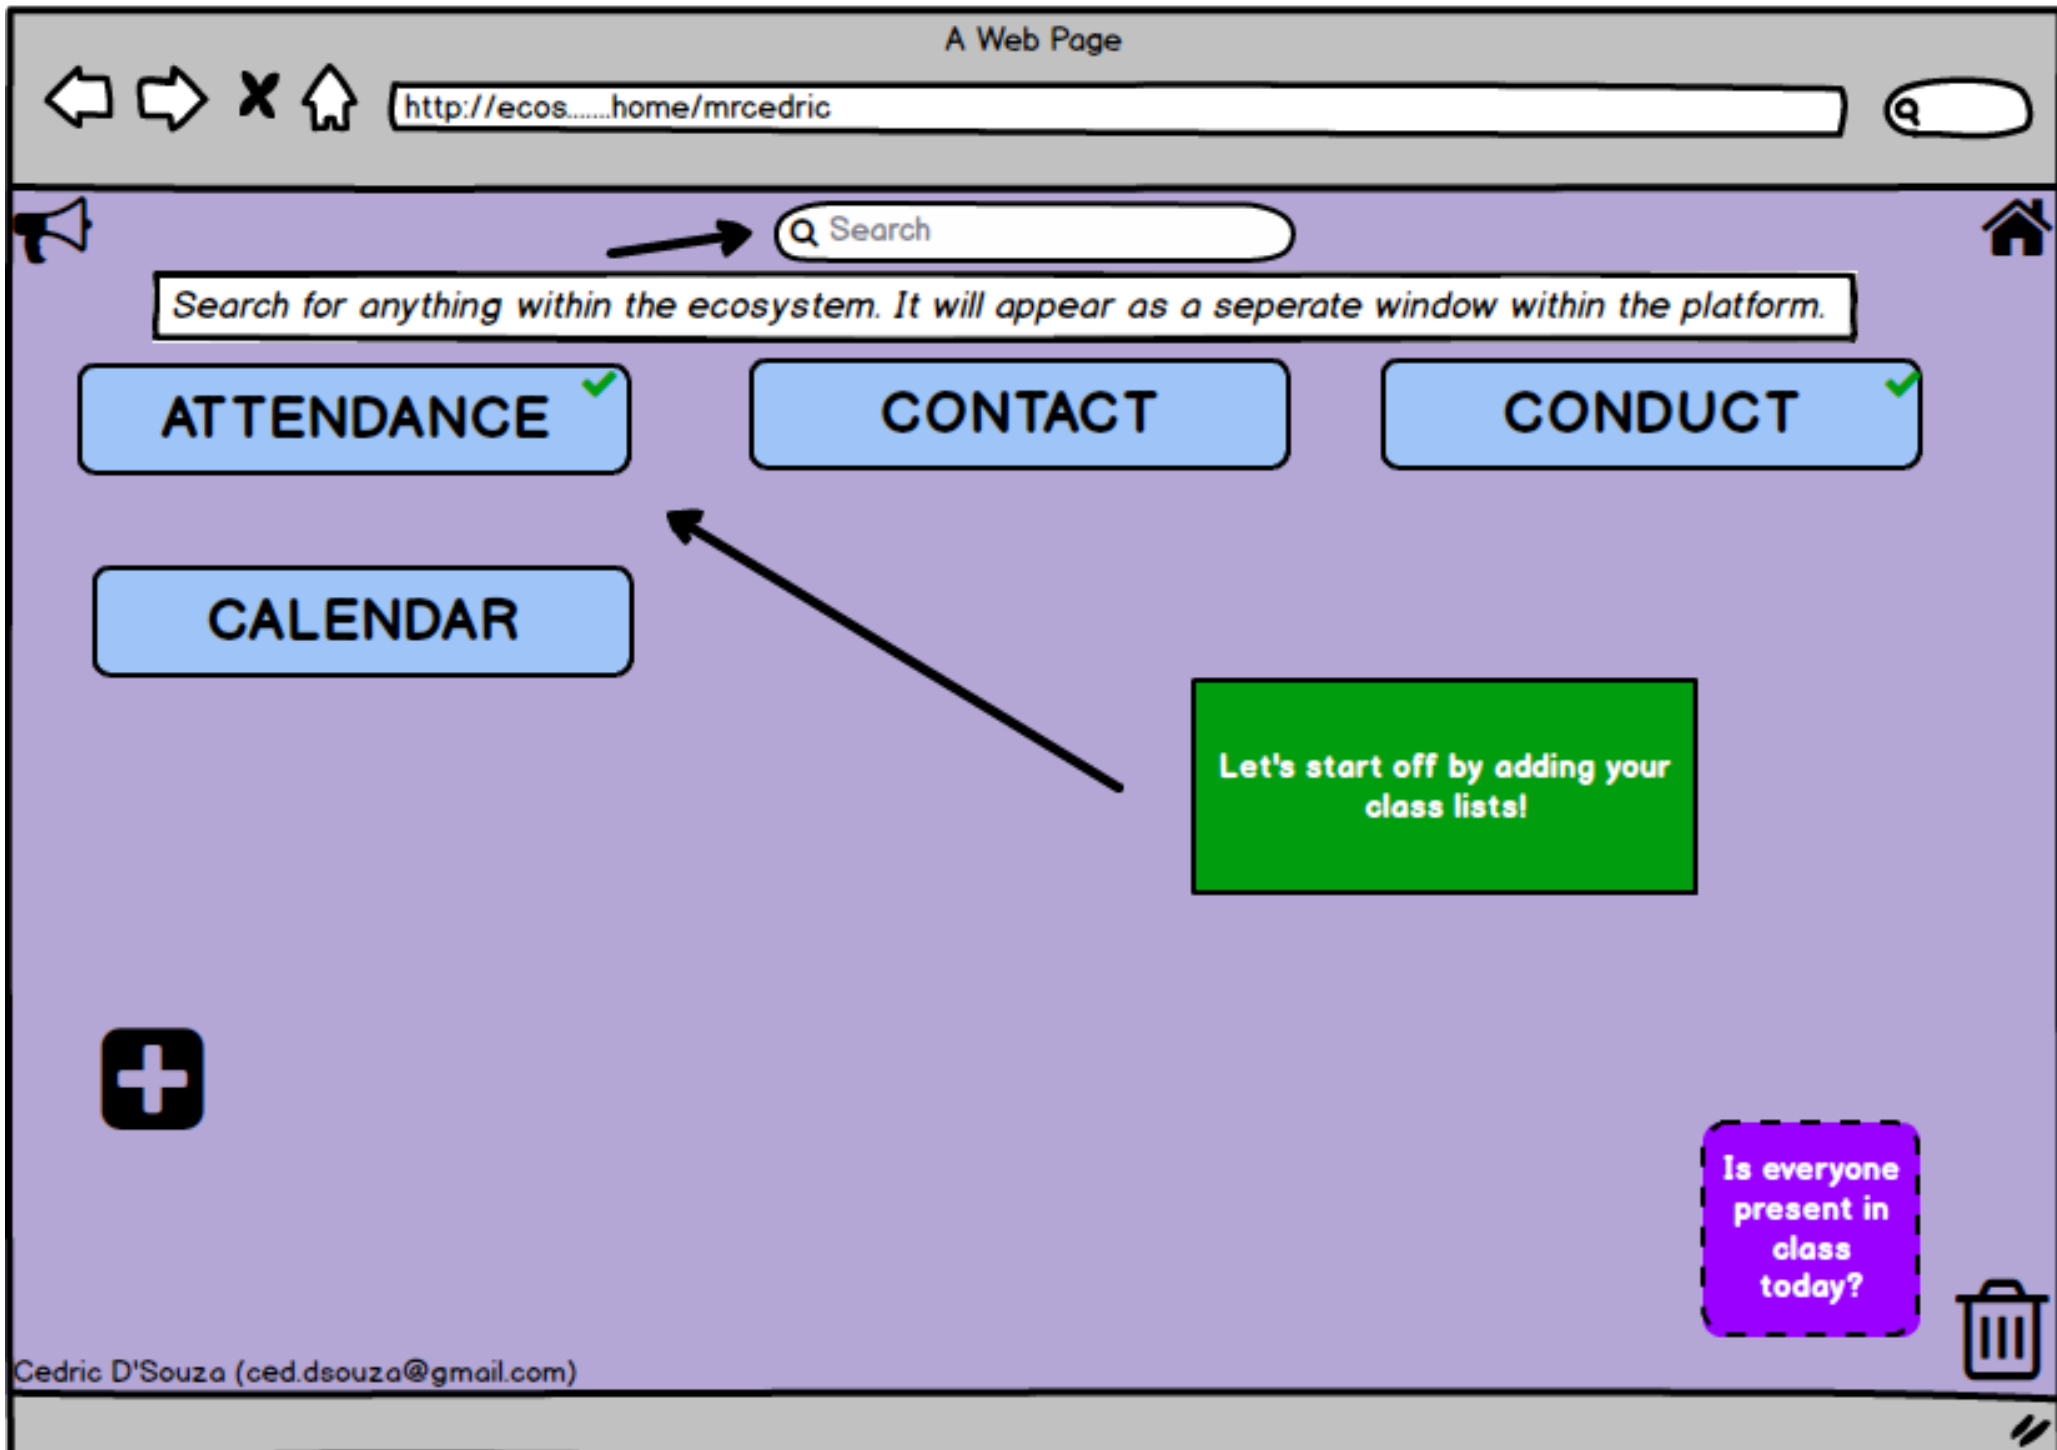

As this is ecos and everything is connected. This email will be recorded in CONTACT. We made a special link just for you to check it out.

Good Morning Mrs. Khan,

Beatrice has really been acting up this week. I gave her several opportunities to act as a member of this class but she did not listen. I have therefore sent her to the office today. Please let me know if you want to further talk about Beatrice. Attached in this email is her conduct report for the last few days.

Thank you,
Mr. Cedric
